

Dear College of Management Graduate Students and Instructors,

GSAC (Graduate Student Advisory Committee) is hosting our fall 2008 sponsored break to promote the building of community and networking opportunities within the College of Management! These sponsored breaks have been well accepted and welcomed by students and faculty alike.

On Wednesday, October 29, we are going to have another sponsored break for this fall semester (see details below). The break will last for approximately 30 minutes where students and faculty are addressed by Dr. Carol Bormann Young, Director of Graduate Studies and GSAC members. While enjoying light snacks, students and faculty co-mingle and listen to the latest news from the College of Management

Don't miss this valuable "before-class" opportunity to sit back and relax. See you there!

Regards,
Festus Ominde
GSAC President

Fall Semester Sponsored Break!
